Skills

React | Redux | Next.js | JavaScript (ES6/TypeScript) | HTML | CSS3 | SASS/SCSS | Nest.js | Node.js | jQuery | Bootstrap | Antd | Material UI | Mantine | Tailwind | NPM | Webpack | AJAX | SPA | Docker | Git / Github | Click Up | Notion | Canva | Rest API | Deployment (AWS, Github Pages, Hostinger, Heroku)

Experience

Software Engineer II   **Hashlogics**   *Lahore PB, Pakistan*   **05/2023 - Present**

- Led a dynamic team of engineers in developing a React Node application for a Candidate hiring platform.
- Developed a Full-stack application to buy or sell YouTube assets by consuming Shopify API.
- Built a Hybrid mobile app using React Native for therapy purposes, which prompted questions based on AI, persisted previous messages, and responded accordingly.

Software Engineer I   **Aldaim Solutions**   *Lahore PB, Pakistan*   **09/2022 – 05/2023**

- Developed a Full-stack application of a React Node application for a Freelancer hiring platform. Responsibilities included effective communication and meetings with clients, defining ETA for each task, conducting thorough code reviews, resolving bugs, and accommodating requested changes.
- Engineered a web application for a US-based Dispatching Company, enabling seamless order placement and freight tracking. Conducted comprehensive testing and deployment on Heroku staging instances and deployment servers.

Software Engineer I   **Mindstormerz**   *Lahore PB, Pakistan*   **10/2021 – 09/2022**

- Developed a Full-stack application of a React Node application for a shopping cart application. Responsibilities included effective communication and meetings with clients, defining ETA for each task, conducting thorough code reviews, resolving bugs, and accommodating requested changes.
- Optimized code quality and performance of e-commerce stores, addressing UI bugs to elevate user

experience and satisfaction.

Education

Bachelor of Software Engineering   **Lahore Garrison University** *PB, Pakistan*   **09/2018 – 08/2022**

Certificates & Achievements

- Top Performer Engineer.
- Zero to mastery MERN Stack Developer.
